

2002-2003

Local Budget Law and Notice of Property Tax

Forms and Instructions for Municipal Corporations

This booklet contains the forms you need to publish your district's budget. It also contains the forms needed to certify property taxes to the county assessor. The booklet is arranged with the instructions and examples in the front and the tear-out forms in the back.

Special note for urban renewal agencies: Urban renewal agencies are subject to the Local Budget Law and must complete the process separately from the parent municipality (county or city). **A packet specifically designed for urban renewal agencies is available** and is being mailed directly to urban renewal agencies.

Budget detail sheets

The budget sheets are available again this year by special order only. No changes have been made to the LB-10, LB-11, LB-20, LB-30, LB-31, LB-35, LB-36, or the LB-40 forms. Computer-produced versions (spreadsheets) of these forms may be used as long as the formats are the **same** as the LB forms provided by Revenue. If you need any of these specific forms, order them from the Department of Revenue. These forms are also available on Revenue's Web site at: www.dor.state.or.us.

Publication

Publication is defined in local budget law [ORS 294.311(32)] as being one of the following actions:

- Printing in one or more newspapers of general circulation within the boundaries of the municipal corporation; or
- Mailing through the U. S. Postal Service by first class mail, postage prepaid to each street address within the boundaries of the municipal corporation; or
- Hand delivery to each street address within the boundaries of the municipal corporation.

When this document refers to "publish" it means any of the methods described above.

Publication forms

The publication forms are used to give notice of the budget committee meeting, notice of the budget hearing, and to publish a summary of the budget. Computer-produced versions (spreadsheets) of these forms may be used as long as the formats are the **same** as the forms provided in this booklet. These forms are available on the Department of Revenue's Web site at: www.dor.state.or.us.

- **Notice of Budget Committee Meeting**
- **Form LB-1**—Notice of Budget Hearing and Financial Summary
- **Form LB-2**—Funds Not Requiring a Property Tax to be Levied
- **Form LB-3**—Funds Requiring a Property Tax to be Levied
- **Form LB-4**—Summary of Organization Unit/Program by Fund
- **Second Notice of Budget Hearing**

Notice of Property Tax—LB-50

Each taxing district imposing a property tax must give notice of its property tax levy to the county assessor by July 15.

Supplemental budget publication forms

Supplemental budgets may be required during the ensuing fiscal year. If the supplemental budget increases a fund by 10 percent or more, notice of the supplemental budget hearing must be published. Forms for this publication are provided in this booklet.

Biennial Budgeting

The 2001 Oregon Legislature revised Local Budget Law to allow local taxing districts to budget either on a one-year (fiscal year) or a two-year (biennial) budget period.

Biennial budgets may be adopted for budget periods beginning July 1, 2002. The *Local Budgeting Manual* and *Local Budgeting in Oregon* have not yet been revised to reflect the changes made by this bill. In brief, the changes are as follows:

- The governing body of a municipal corporation may, by ordinance, resolution, or charter, provide that the budget be prepared for a budget period of **24 months**.
- The members of a budget committee that prepare a biennial budget are appointed for terms of **four years**. As near as practicable, the terms of the members should be staggered so that **one-fourth of the terms** will end each year. During the transition from fiscal year budgeting to biennial budgeting, sitting members of the budget committee may serve out the three-year term for which they were originally appointed.
- The budget detail sheets containing the estimates of resources and expenditures in a biennial budget must show actual expenditures for the **two budget periods** preceding the current budget period, the estimated expenditures for the **current budget period**, and the estimated expenditures for the **ensuing budget period**. For the first three years after adopting a biennial budget period, **one or more of these columns will show the data for single fiscal years, while the remaining columns will show data for two-year budget periods**.
- The summary of the budget as approved by the budget committee that is published along with the notice of the budget hearing will show a **mix of single fiscal year and two-year biennial budget data** during the transition to a two-year budget period.
- If a taxing district adopts biennial budgeting, the budget committee must approve the amount or rate of ad valorem property taxes for **each year** of the biennium.
- After the budget committee approves a biennial budget and before the budget is adopted, the governing body may not increase the amount of estimated expenditures **for the biennium** in any fund by more than **\$10,000** or 10 percent, whichever is greater. Also, it may not increase the amount or rate of the tax levies approved by the budget committee for **either year** of a biennial budget unless the amended budget document is republished and another budget hearing is held.
- If a district adopts a biennial budget, then after the budget hearing and before the June 30 that precedes the start of the budget period, the governing body must pass a resolution or ordinance to adopt the budget and make appropriations for the **ensuing budget period of 24 months**. Before July 15, the governing body must also pass a resolution or ordinance to levy and categorize property taxes **for each year for the ensuing budget period**.
- Regardless of whether a budget is for a single fiscal year or for a biennium, certification of property tax levies and a copy of a resolution or ordinance levying and categorizing taxes **for the ensuing year** must be submitted to the county assessor **every year by July 15**.
- Districts that are required to submit their budgets to the Department of Revenue or to the Tax Supervising and Conservation Commission must do so **only during the first year of a biennial budget period**.
- In a biennial budget, interfund loans for operating purposes must be repaid by the end of the **two-year budget period** or the repayment must be budgeted as a requirement in the **ensuing biennium**.

The Publication Forms

Notice of budget committee meeting

Local Budget Law says that budget committees must hold one or more meetings for the purpose of (1) receiving the budget message and the budget document and, (2) providing members of the public with an opportunity to ask questions about and comment on the budget document. Prior notice is required when the budget committee is performing these two functions. If more than one meeting is being used to meet these two requirements, then the first noticed meeting must be to receive the budget and budget message. The public may be heard at that meeting. If the public will not be provided the opportunity to comment at that first meeting, then the budget committee must provide such an opportunity at one or more subsequent meetings.

Prior published notice is required for all meetings used to meet the two requirements stated above. If more than one meeting is used to meet the requirements, the notice may be a single notice containing all of the required information. If several meetings are being held to take public questions and comments, only the first of the series must be published, but notice of each must meet the requirements of ORS 294.406—be given in the same time frame as meetings of the governing body of the municipal corporation and in the same manner, or in one of the publication formats described in Local Budget Law [ORS 294.311 (32): printing in newspaper, mailing, or hand delivery].

Notice of the meeting(s) to meet the two budget committee requirements must state:

- The purpose, time and place of the meeting(s) and where the budget document is available.
- That the meeting is a public meeting.
- If the meeting is one at which public comment will be invited, then any person may ask questions about and comment on the budget document at that time.

The Notice of Budget Committee Meeting form included in this packet may be used to provide notice of the budget committee meeting. The district may wish to compose its own notice. This is acceptable as long as all of the required elements are included in the notice.

If the notice is published in a newspaper, the notice must be published at least twice, separated by at least five days. The first publication cannot be more than 30 days prior to the meeting date, and the second publication cannot be less than 5 days prior to the meeting date. If notice is made by mailing or by hand delivery, only one notice is required and it must be

mailed or hand delivered not later than 10 days prior to the meeting date.

Two forms are provided in this booklet for this notice. The "A" form is to be used when the budget committee will receive the budget message and take public comment at the same meeting. The "B" form is to be used when public comment will be taken only at a meeting held after the meeting where the budget message is delivered. If you use this form, you need to publish the date, time, and location of the meeting at which the budget message will be delivered, and also the date, time, and location of the first meeting at which public comment will be taken.

Notice of budget hearing

Every taxing district must publish information about its approved budget. The publication forms (Forms LB-1, LB-2, LB-3, and LB-4) may be used for this purpose. The publication forms provide interested persons with important information about the budget. Districts may use a narrative publication instead of using these forms. See the *Local Budgeting Manual*, and ORS 294.418 for details about the narrative publication alternative.

Note: If your budget has only **one** fund, you need only publish the LB-1 form.

Form LB-1, Notice of Budget Hearing and Financial Summary, contains three items:

1. Legal notice of the time and place of the budget hearing.
2. A financial summary of the current year's and next year's approved budget.
3. A statement of indebtedness.

Form LB-1 totals amounts from the funds presented on the LB-2 and LB-3 forms. It summarizes the entire approved budget.

The LB-2 and LB-3 forms summarize each fund in the budget as approved by the budget committee. The "Name of Fund" section should be completed on both the LB-2 and LB-3 forms where any fund amounts are listed.

Form LB-2 summarizes the budget detail sheets of funds which are **not** levying a property tax.

Form LB-3 summarizes the budget detail sheets of funds which are levying a property tax.

Form LB-4 summarizes the organizational units or programs of funds presented on the LB-2 and LB-3 forms. Common examples of organizational units or

programs include the Police Department, Fire Department, and the Assessor's Office. All organizational units or programs must be summarized. Note that each LB-4 form has room for summary of four units or programs plus a section to summarize any amounts which are not allocated to an organizational unit or program. This is labeled as "nondepartmental." Only one "nondepartmental" section will be filled in per fund. Amounts for contingencies, transfers, and unappropriated ending fund balances should be displayed in the "nondepartmental" section.

Note: All funds must be published in which amounts were adopted for the current year budget or in which amounts were expended or received for the preceding year. This is required regardless of whether the fund, organizational unit, or program is budgeted for next year. All funds must be included in the totals on the LB-1 financial summary form. If your budget only has one fund, check the box in the "Financial Summary" area of the LB-1 to indicate this.

Filling out the forms

Start by filling out Forms LB-2 and LB-3. If any of the funds on these forms are split into organizational units or programs, use Form LB-4 to record them. When these three forms are completed, fill out Form LB-1. This is the form that summarizes all of the taxing district's funds.

Columns on the forms

All of the publication forms contain two or more columns for financial data. These columns provide data for different fiscal years, as explained below:

Actual data last year (LB-2, LB-3, and LB-4). This column contains the actual amounts spent or received as reflected in the audited financial data for the fiscal year 2000-01. This column corresponds with column 2 of the budget detail sheet, "First Preceding Year."

Adopted budget this year. This column contains the amounts in the current year's adopted budget (2001-02), including supplemental budgets adopted by the governing body. This column corresponds with column 3 of the budget detail sheet, "Adopted Budget this Year," plus any changes made during the year.

Approved budget next year. This column contains the amounts for next year (2002-03) as approved by the budget committee. This column corresponds with the "Approved by Budget Committee" column on the budget detail sheet.

Summarizing expenditures and resources

All four publication forms include nine or more lines for summarizing fund expenditures and resources. These are explained below:

Expenditures

Total personal services. This amount includes all salaries, fringe benefits, and other costs associated with salaries.

Total materials and services. This includes contractual and other services, materials, supplies, and other miscellaneous charges.

Total capital outlay. This amount includes land acquisition, buildings, improvements, machinery, and equipment.

Total debt service. This is the amount set aside for payment of debt. It includes both short-term debt (usually in the General Fund) and long-term debt (usually in the Debt Service Fund).

Total transfers. This includes amounts budgeted to be transferred from one fund to another within the budget.

Total contingencies. This is the amount set aside for unforeseen events in the budgeted year.

Total all other expenditures and requirements. This amount is for publication purposes only. Includes special payments, reserves for future expenditures, and any other requirement that doesn't fit in any other specific category.

Total unappropriated ending fund balance. This is the total amount set aside under ORS 294.371 to provide for funds between July 1 and the time when enough new revenues are on hand to meet cash flow needs of the fund in the following fiscal year. In the "Actual Data Last Year" column on the LB-2 and LB-3, show the actual ending fund balance.

Resources

Forms LB-1 and LB-3 ask for detailed information about resources. For purposes of these forms, all resources can be divided into two main categories. These are (1) ad valorem property taxes, and (2) all other resources.

The "property taxes" category includes only ad valorem taxes for the budgeted year. The other category includes all other types of resources including grants,

gifts, and prior years' taxes to be received in the budgeted year. Only line 10 on Form LB-1 and Form LB-3 deals with "other resources except property taxes." The remaining lines deal with property tax amounts. Some of these are explained in the following:

Total property taxes. This is the amount of property tax revenue approved by the budget committee as part of the budget resources.

Estimated property taxes not to be received. This is split into two separate categories. The loss due to constitutional limits is the amount estimated by the district that will be lost when the assessor reduces property taxes on each account to fit under the constitutional general government limit. The second part is the amount estimated for those who won't pay their taxes and discounts granted for timely payments. See page 17 of this booklet for a list, by county, of the percentage of taxes collected after discounts and uncollectibles. The amount of loss due to constitutional limit is entered on line 14A. The estimated loss from discounts and collectibles is entered on line 14B.

Total tax levy. This is the total amount of all ad valorem taxes that the district is planning to levy. The budget committee must approve this amount, or the tax rate estimated to be necessary to raise this amount.

Form LB-1—Notice of budget hearing

Form LB-1 contains information in addition to financial summary of fund resources and expenditures.

Notice of budget hearing. This notice tells the public when and where the public hearing will take place. It also states where copies of the budget are located and provides other information.

Statement of accounting basis. The notice tells the public if the basis of accounting for the budget year is consistent with the basis of accounting used in the preceding year. If major changes have been made, a narrative description of the changes and their effects on the budget should be included with the publication.

Statement of indebtedness. This section summarizes the district's authorized and outstanding debt. The first section is for long-term debt. The second is for short-term debt.

Long-term debt. This part offers information about debt outstanding and debt authorized but not yet incurred. This section should detail debt estimates only as of the beginning of the fiscal year.

In the columns labeled "July 1 Approved Budget Year," enter the amounts expected to be outstanding or authorized on July 1, 2002. Debt authorized but not incurred usually refers to general obligation bonded debt that has been voter-approved, but the bonds have not been sold.

Short-term debt. This part is generally used to record authorized "tax anticipation notes." These provide funds between the start of the budgeted fiscal year and the receipt of the first tax moneys in November.

Publishing

Taxing districts must notify the public by publishing the required forms not less than 5 nor more than 30 days before the scheduled budget hearing. See page 1 for the definition of "publication."

Posting

If no newspaper is published in the district and the total anticipated requirements (on line 9 of Form LB-1) will not exceed \$50,000, the forms may be posted in three conspicuous places for at least 20 days before the scheduled budget hearing instead of publishing them.

If the notice is posted instead of being published, a second notice is required. The second notice must be published by one of the three methods, not less than 5 nor more than 30 days before the hearing.

You may use the "Second Notice of Budget Hearing" form included in this booklet.

Submission to Department of Revenue

If you are not imposing a property tax, submit the following to the department by July 15: The resolution statements adopting the budget and making appropriations. Send to: Property Tax Division, Oregon Department of Revenue, PO Box 14380, Salem OR 97309-5075.

For more information

To order specific budget detail sheets, call 503-945-8293 or you can download them from Revenue's Web site at: www.dor.state.or.us.

If you need help with these forms, refer to the *Local Budgeting Manual* provided by the Department of Revenue. If you still need help, contact your county assessor or the Department of Revenue, telephone 503-945-8293. Our e-mail address is: finance.taxation@state.or.us.

Resolutions Adopting, Appropriating, Imposing, and Categorizing Taxes

The resolution is a formal expression of the opinion or will of the governing board. An ordinance has the character of an enactment of law by an established authority. For the purposes of Local Budget Law, a resolution or ordinance by the taxing district's governing body provides the legal authority to adopt the budget, make appropriations for expenditures and impose and categorize taxes.

Formally adopting the budget

Sometime after the public hearing, at a regularly scheduled meeting, the governing body must enact specific resolutions or ordinances to adopt the budget, make appropriations, impose taxes, and categorize the taxes. Adopt the budget by June 30. The resolution that adopts the budget should **state the total amount of all the budget requirements**. Budget requirements include expenditures along with "reserved for future" amounts and unappropriated ending fund balance amounts.

Making appropriations

Include a schedule of appropriations in the resolution making appropriations. This schedule provides the district with legal spending authority and spending limitations throughout the fiscal year. At a minimum you must appropriate to the level outlined in statute, ORS 294.435(3).

Organizational style budgets

If you prepared an organizational style budget, at a minimum, for each fund make a separate appropriation for each organizational unit or program. For example:

- General fund.
 - Fire department.
 - Police department.

In funds without organizational units or programs, appropriate amounts for personal services, materials and services, and capital outlay.

Items that are not specifically identified with an organizational unit or program—interfund transfers, debt service, and operating contingency—are appropriated separately in each fund. For more information on organizational style budgets refer to the *Local Budgeting Manual*.

Single service style budgets

If the terms "organizational unit" or "program" do not apply to your budget or a particular fund, for each fund show relevant appropriations for:

- Personal services.
- Materials and services.
- Capital outlay.
- Debt service.
- Special payments.
- Interfund revenue transfers.
- General operating contingency.
- It is illegal to make appropriations by categories that are not listed in statute, such as "other" or "miscellaneous."

Remember, "unappropriated ending fund balances" and "reserved for future expenditure" amounts are not included as appropriations in the resolution because these amounts are not going to be spent in the coming year. They may be foot-noted in the resolution to balance the total budget.

Imposing taxes

State the total of all property taxes and/or rates by type of taxing authority being certified to the county assessor. **Taxes imposed must be the same or lower than the dollar amount and/or rate approved by the budget committee.** The dollar amount or rate may only be higher if the governing body republishes the budget summary with changed taxes and holds a second budget hearing.

Under the permanent rate limit, the budget committee may have chosen to impose a dollar amount. If the governing body agrees with this choice, the resolution must reflect that dollar amount of taxes and not impose the rate.

Your district may have received voter approval for one or more local option taxes. Local option taxes can be for operations or capital projects. In the resolution show the dollar amount or rate for each local option tax by type—operations or capital project. Again, the dollar amount or rate must be the same or lower than that approved by the budget committee unless the budget was republished. The tax certification form, LB-50, requires you to certify each type of local option tax on a separate line.

If your district has the authority to impose two or more local option taxes of the same type (operations or capital project) and style (dollar-amount or rate), add all the same type and style local option taxes together. Include these totals in the resolution statement stating the type of local option tax.

Taxes imposed to pay for bonds are always imposed as a dollar amount. In the resolution, state the dollar amount of taxes needed to pay bond principal and interest. As with the other taxes, this amount must be equal to or lower than that approved by the budget committee unless amended by the governing body through the republication process.

Categorizing taxes

The governing body must declare through the resolution the tax limitation category(ies) into which the district's tax is to be placed. The tax categories available to counties, cities and special districts are **general government** and **excluded from limitation**. The resolution must show the tax category for each fund into which tax money is budgeted.

The statement to categorize tax may be included with the statement to impose tax.

Sample resolution form

The sample resolution provided in this booklet is designed to be torn out and the blanks filled in. If it doesn't meet your needs, use it as an example from which to create your own resolution. For more details on the resolution statements read Chapter 12 in the *Local Budgeting Manual*.

Instructions for Form LB-50

Notice of Property Tax and Certification of Intent to Impose a Tax, Fee, Assessment or Charge on Property

Form LB-50 is used to certify and categorize the taxing district's property tax and other charges to the county assessor. Notice of tax is due to the county assessor by **July 15**, unless a written extension of time to certify has been granted.

General instructions

In the spaces at the top of this form, fill in:

- The name of the county being sent the certification.
- The name of the taxing district and the name of the county where the district is located,
- The mailing address of the district, including city and ZIP code, and
- The name, title, and daytime telephone number of a budget contact person. This person should be someone who is available for contact after the document is submitted to the assessor.

Note: Oregon law (ORS 310.060) allows taxing districts (for good and sufficient reasons) to request in writing an extension of time to certify taxes. The written request for extension must be given to the county assessor by **July 15**.

Certification

Check boxes. ORS 294.435 does not allow a district to certify ad valorem property taxes at an amount or rate greater than that approved by the budget committee, unless an amended budget summary is republished by the governing body and a second budget hearing is held. **One of these boxes must be checked.** If the amount or rate being certified is not greater than that approved by the budget committee check that box. If the budget was republished, and the amount or rate is within the amount republished check that box.

The assessor's office will not accept your tax certification documents if one of these boxes is not checked.

Part I: Total property tax levy

Line 1. You may enter an amount or rate in box 1. If you certify a rate, enter the rate per \$1,000 of assessed value to be used by the assessor in extending your taxes in 2002-03. The rate entered may be up to your maximum rate limit. If you are certifying a rate, it can not exceed the rate the budget committee approved for budget year 2002-03, unless the budget was republished.

Or you may enter the dollar amount to be raised by ad valorem property taxes for 2002-03. This amount can not exceed the amount your permanent rate will actually raise.

Line 2. If you are certifying a local option levy for operations [ORS 310-060(2)(b)], you may enter a dollar amount or rate in box 2. If you certify a rate, enter the rate per \$1,000 of assessed value. The rate entered may be up to the maximum rate approved by the voters. The rate can not exceed the rate the budget committee approved as the local option rate for budget year 2002-03.

You may enter a dollar amount to be levied if the voters approved a fixed-dollar levy. The amount can not exceed the amount approved by the voters and the budget committee.

Line 3. If you are certifying a local option levy for capital projects [ORS 310.060(2)(c)], you may enter a dollar amount or rate in box 3. If you certify a rate, enter the rate per \$1,000 of assessed value. The rate entered may be up to the maximum rate approved by the voters. The rate can not exceed the rate the budget committee approved as a capital project local option rate for budget year 2002-03.

You may enter a dollar amount to be levied if the voters approved a fixed-dollar levy. The amount can not exceed the amount approved by the voters and the budget committee.

Line 4. Enter the amount being levied for 2002-03 to pay for "Gap Bonds" in box 4. Gap bonds are certain bonds or debt obligations that were declared as such in 1997-98. If your district did not declare gap bonds in 1997-98, the district can not claim them this year.

Line 5. Enter the amount being levied for 2002-03 to pay for qualifying pension and disability obligations in box 5. The City of Portland is the only entity that may use this line.

Line 6a. This is the amount levied that is used to repay bond principle and interest on bonds approved by the voters **prior to** October 6, 2001. See the back of Form LB-50 for the worksheet to use in figuring lines 6a, 6b, and 6c.

Line 6b. This is the amount levied that is used to repay bond principle and interest on bonds approved by the voters after October 6, 2001.

The worksheet uses the amount of principal and interest for each bond issue to arrive at a ratio. This ratio is then used to allocate the total levy on line 6c between bonds issued before and after October 6, 2001.

Line 6c. Enter the total dollar amount levied to pay for bond principle and interest not subject to the limitations of Measure 50 (section 11, Article XI) or Measure 5 (section 11b, Article XI) in box 6c. Bond levies are always a dollar amount. This line is the total of lines 6a and 6b.

The total debt service levy is the same as the resolution imposing tax.

Lines 1-5 are categorized as being subject to the Measure 5 general government limitation. Lines 6a, 6b, and 6c are categorized as not subject to Measure 5 limitation.

Part II: Rate limit certification

Most districts had a permanent rate limit established in 1997-98 for operating taxes. Some new districts have had permanent rate limits established by voters. Other districts will have a new permanent rate because of a merger or consolidation. Some taxing districts in Deschutes and Linn Counties had their permanent rate authority reduced by the 1999 legislature. The reduced rates were effective beginning in 2000-01.

Part II of this form is designed to notify the assessor of your limit.

Line 7. Enter in box 7 the district's permanent rate limit per \$1,000 of assessed value. The rate should be carried four places to the right of the decimal point. If you do not know your permanent rate limit, contact your county assessor, or the Department of Revenue, Finance and Taxation Team.

Line 8. If you are a new district that had its permanent rate limit established by the voters, enter the date of the election in which your rate limit was approved. You only need to complete this line for the first year your new permanent rate limit is certified. If you use line 8, include a copy of the ballot measure with your certification documents.

Line 9. If your district went through a merger or consolidation in 2001-02, show your estimated permanent rate limit on this line. Before taxes are extended on the roll for 2002-03, the assessor will calculate a permanent rate limit for your district using actual values. You will be notified of the actual new permanent rate limit. If your estimated rate is higher than the actual permanent rate limit, the assessor will use the actual rate. If your estimated rate is less than the

actual permanent rate limit, the assessor will use the estimated rate.

Part III: Schedule of local option taxes

Complete this schedule if you have one or more voter-approved local option taxes. For each local option tax, list the purpose of the tax (operating or capital project), the date voters approved it, the first year the tax can be imposed, the final year the tax will be imposed and the dollar amount or rate authorized to be imposed each year.

The information you provide in this schedule supports the local option tax amounts on lines 2 and 3 in Part I.

Part IV: Special assessments, fees, and charges

Who must use this portion of the form. Those districts and nongovernmental entities who exercise their option to place their taxes (other than those certified on lines 1-6) or other charges on the tax roll must certify to their county assessor by July 15, 2002, by completing this part of the form.

If your district is imposing any of the following items, you must declare them on this portion of the form:

1. Ad valorem assessments.
2. Other taxes, fees, charges, and special assessments, such as for water, irrigation, road, drainage, etc., which may be placed on the roll.

Taxing districts such as counties and cities may have charges that fall into this area. Some special districts, such as irrigation, water and some road districts, may also impose a special assessment on the properties within their boundaries. Some nongovernmental entities may also have specific statutory authority to place charges on the roll. These certified charges may be calculated on an ad valorem basis or on another unit of measurement, such as by property, acre, or frontage foot. Your options are usually governed by statute.

Identify by category

This part of the form notifies the assessor which items are to be placed on the tax roll. In addition to declaring the dollar amount of any tax, fee, charge, or assessment, you must declare the amount by category. These categories are:

General government. Generally, these are taxes imposed by a unit of government whose main purpose is to perform governmental operations other than educational services.

Excluded from limitation. These are taxes, fees, charges, and special assessments not limited by Measure 5.

If you have questions about the correct category of your tax, consult your legal counsel and/or the state-wide organization representing your district.

Use a separate line for each category. For example, a district may have a portion for operations and maintenance which would be under the General Government category. This would be on one line. The district may have a portion to pay for excluded bonded debt. This would be on a separate line.

List the specific charge(s) on the available line(s) under the heading, "Description."

Describe the tax, i.e., ad valorem, sewer assessment, or specific unit of measurement. Determine the total of each type of charge. Place the total dollar figure in the appropriate category.

Attach a complete listing of properties, by assessor's account number, to which fees, charges, and assessments are imposed. Show the amount of the fees, charges, or assessments which are imposed uniformly on the properties, i.e., each property will pay the same dollar amount. If the fees, charges, or assessments are not uniform, i.e., the amounts are calculated differently for each property, show the amount imposed on each property.

If your district is using Part IV, you must enter the ORS number that gives the district the authority to place the items on the tax roll in the space provided.

Submission to assessor

If you are imposing a tax on property, you must submit the following documents to the county assessor in each county in which this tax is imposed by July 15, or the date of extension granted by the assessor:

- Two copies of the resolution statements that adopt the budget, make appropriations, impose taxes, and categorize the taxes.
- Two copies of a complete LB-50.
- Copies of any newly approved local option or permanent rate ballot measures.

The assessor or the Department of Revenue may request additional documents.

A complete copy of your budget must be submitted to the county clerk by September 30.

Note: If you are a local government or a nongovernmental entity that is not required to follow local budget law and you are placing a tax, charge, fee, for assessment on the tax roll, you must enact a resolution imposing and categorizing your tax, charge, fee, or assessment. Two copies of the resolution must be submitted to the assessor along with the two copies of the LB-50 (ORS 310.060).

Form LB-50 Sample

Notice of Property Tax and Certification of Intent to Impose a Tax, Fee, Assessment, or Charge on Property

**FORM LB-50
2002-2003**

To assessor of Sample County

☐ Check here if this is an amended form.

• Be sure to read instructions in the 2002-2003 Notice of Property Tax Levy Forms and Instructions booklet.

The City of Illustration has the responsibility and authority to place the following property tax, fee, charge or assessment on the tax roll of Sample County. The property tax, fee, charge or assessment is categorized as stated by this form.

<u>123 Main Street</u> Mailing Address of District	<u>Illustration</u> City	<u>OR</u> State	<u>97000</u> ZIP
<u>A. Test</u> Contact Person	<u>Mayor</u> Title	<u>(503) 378-0000</u> Daytime Telephone	<u>6-29-02</u> Date

CERTIFICATION—You must check one box.

- ☒ The tax rate or levy amounts certified in Part I are within the tax rate or levy amounts approved by the budget committee.
- ☐ The tax rate or levy amounts certified in Part I were changed by the governing body and republished as required in ORS 294.435.

PART I: TOTAL PROPERTY TAX LEVY

PART I: TOTAL PROPERTY TAX LEVY		Subject to General Government Limits		
		Rate —or— Dollar Amount		
1. Permanent rate limit tax (per \$1000)	1	1.7000		Excluded from Measure 5 Limits
2. Local option operating tax	2	5,000		
3. Local option capital project tax	3	.7510		
4. Levy for "Gap Bonds"	4	0		Dollar Amount of Bond Levy
5. Levy for pension and disability obligations	5	0		
6a. Levy for bonded indebtedness from bonds approved by voters prior to October 6, 2001	6a		\$ 4,000	
6b. Levy for bonded indebtedness from bonds approved by voters after October 6, 2001	6b		\$ 1,000	
6c. Total levy for bonded indebtedness not subject to Measure 5 or Measure 50 (total of 6a + 6b)	6c		\$ 5,000	

PART II: RATE LIMIT CERTIFICATION

7. Permanent rate limit in dollars and cents per \$1,000	7	1.7000
8. Date received voter approval for rate limit if new district	8	N/A
9. Estimated permanent rate limit for newly merged/consolidated district	9	N/A

PART III: SCHEDULE OF LOCAL OPTION TAXES — Enter all local option taxes on this schedule. If there are more than two taxes, attach a sheet showing the information for each.

Purpose (operating, capital project, or mixed)	Date voters approved local option ballot measure	First year levied	Final year to be levied	Tax amount —or— rate authorized per year by voters
Operating	Nov. 2, 1999	2000	2002	\$ 5.000
Capital project	May 18, 1999	1999	2006	\$ 0.7510

PART IV: SPECIAL ASSESSMENTS, FEES AND CHARGES

Description	Subject to General Government Limitation	Excluded from Measure 5 Limitation
1 Delinquent Sewer Charges		\$ 10,000
2		

If fees, charges, or assessments will be imposed on specific property within your district, you must attach a complete listing of properties, by assessor's account number, to which fees, charges, or assessments will be imposed. Show the fees, charges, or assessments uniformly imposed on the properties. If these amounts are not uniform, show the amount imposed on each property. The authority for putting these assessments on the roll is ORS 224.400. (Must be completed if you have an entry in Part IV.)

150-504-073-7 (Rev. 12-01)

(see the back for worksheet for lines 6a, 6b, and 6c)

File with your assessor no later than JULY 15, unless granted an extension in writing.

Must check box indicating the tax is within the rate or amount approved or box indicating budget was republished.

Enter rate or amount. Carry rate out four decimal places.

Amounts and rates entered in boxes 1-6 must be the same as what is in the resolution.

Boxes 6a, 6b, and 6c must be dollar amounts.

Must be completed if you have local option tax authority.

Complete this line only if there is an amount in Part IV.

Instructions for Notice of Supplemental Budget Hearing

General

Use this form only if a supplemental budget is needed. Not every district will need to do a supplemental budget.

This notification form is used to notify citizens of a supplemental budget hearing when the supplement budget is proposing an **increase in expenditures of 10 percent or more** in a fund.

See the *Local Budgeting Manual* for information on supplemental budgets that increase a fund by less than 10 percent.

Hearing notice

Complete this portion of the form by giving the name of the district. Also give the location, date, and time of the hearing, and indicate when and where a copy of the supplemental budget document can be obtained or inspected.

Summary of supplemental budget

Give the name of the fund being adjusted. Use a separate section for each fund being adjusted.

Next, show the source(s) of the resource(s), such as "unrestricted grant," or "transfer from Special Revenue Fund," and the amount(s). Also show a corresponding requirement, such as "personal services" or "capital outlay," and the amount(s).

In the comment area explain the reason for the adjustment. For example: "A supplemental budget is needed to authorize spending the unrestricted grant money the district received after the regular budget was adopted."

Publication

Publish this form **not less than five days nor more than 30 days** before the supplemental budget hearing. If the regular budget hearing notice and financial summary were posted, this notice of supplemental budget hearing can also be posted **20 days** before the hearing, but a second notice must be published by newspaper, first class mail, or hand-delivery 5 to 30 days prior to the hearing.

Percent of Property Taxes Collected, By County

These figures are the percentage amounts of property tax collections for each of the past five years.
